

Sustainable Surfacing Solutions for Golf Courses

High Porosity | Limited Maintenance | Load Bearing

Cart Paths & Courtyards

Bridge Overlays

Parking Lots

KBI Flexi-Pave offers porous surfacing solutions which simultaneously reduce your maintenance costs, increase your safety and improve the environment.

BENEFITS

Some of the key benefits **KBI Flexi-Pave** provides when used in golf course and country club settings are as follows:

- ♻️ **Reduction of NITRATE and PHOSPHATE run-off**
- ♻️ **Zero to Minimum Maintenance**
- ♻️ **Environmental Sensitivity:** Responsible surface solution - improves water quality & can be safely installed near bodies of water.
- ♻️ **Promotion of Healthier Tree and Plant Systems**
- ♻️ **Increased Safety and Reduced Liability:** ADA compliance / minimized trip and fall hazards and also eliminates ball bounce/ricochet.
- ♻️ **Eliminate Erosion and Stormwater Structures:** Can be installed on grades up to 33%, which can eliminate the need for curbing and catch basins.
- ♻️ **Superior User Comfort:** Ergonomic, tactile surface that provides for sound dampening and slip resistance.
